LA MARIPOSA '40

"An Evening of Entertainment"

Mariposa County High School
Mariposa, California

Eleanor D. Yates

C. Bergland

DEDICATION

A student's ability to perform and entertain others is vital to our school and social life. To the two members of the faculty who have contributed so much to develop talent in our school and have given freely so much of their time to make our efforts a success, we wish to extend our thanks.

In order to show our appreciation, we dedicate our annual to Miss Yates, our teacher of drama, and to Mr. Bergland, "Our Director" of the band.

J. L. SPRIGGS
Principal

C. G. ADELSBACH
Vice-Principal

PRINCIPAL'S MESSAGE

If I were given to choose between the arts I would choose to be a singer. To me nothing can compare with the pleasure and soul satisfaction of song. It is an avenue for the expression of joy in the fullness of life and it is a source of comfort and consolation in time of grief and frustration. The greatest emotions of mankind can be expressed in song as in no other way. The culture and folklore of a nation are developed and preserved in its music. I wish I were a great musician.

TEDROW

The janitors likewise deserve hearty thanks for their daily efforts and patience in cleaning up the school after us.

In Memoriam

We, the students of Mariposa County High School, lovingly dedicate this page in memory of Doris Hack Martin and Orin Eidson, whose unceasing friendship shall live in the hearts of all their fellow classmates and friends.

They were among the best-liked students ever to have entered the portals of our school. Greatly respected by the faculty and students, they will be remembered and held in reverence by all who knew them.
