## *Mr. S. A. Pepper, Our Principal*

We are proud to introduce McClatchy's greatest football fan, Mr. Pepper. Wearing his well-known socks and tie, he can be found sitting on the bench and vigorously cheering our team on to victory at every Lion game.

Mr. Pepper is also our chief rooter during school hours. Although a very busy man, he always has time to stop and talk with students and is often found in the cafeteria, joining in with the laughter and fun. He believes that friendship is essential for a happy life; therefore, he stresses friendship as a vital part of high school life. According to Mr. Pepper, "The friendships which a student makes in high school probably mean more than those made during any other time in his life; therefore, students should maintain these friendships as long as possible."

Mr. Pepper's sunny personality and warm smile are valuable assets in his work with the school, the parents, and the community. In his own words, "Working with people is the most enjoyable part of my career."

*Mr. James A. Stivers*  
*Vice Principal*

Mr. Stivers is the Vice Principal in charge of instruction. He is head of the department chairman, as well as club and class sponsors, and also makes out the activity calendar. However, he says that working with the members of McClatchy's student body is the most enjoyable part of his job.

Mr. Stivers believes that making friends and participating in school activities are very important in one's high school life. "Every student," he says, "in order to have a well rounded high school education, must work not only for a good scholastic standing, but must also obtain the full benefit of the many activities which are offered."

*Miss Frances A. Milnes*  
*Vice Principal*

As Vice Principal, Miss Milnes is in charge of counseling. She also makes out the schedules for classes and works directly with the Health Department, the Registrar, and the Attendance Office.

Friendliness is a trait characteristic of our entire administration and faculty, and Miss Milnes is certainly no exception. She particularly enjoys friendly talks with the students and misses the close contact with the pupils that she had as a teacher. She wishes to emphasize the fact that the administration is always available for advice. "I hope," she said, "that every student will learn where he should go for help; whatever his needs, whether they are school or personal problems, there is someone willing to help him."

## *C. K's Counselors*

These six people are important to McClatchy in many ways. They not only help students in choosing colleges and planning their futures, but they are always more than happy to counsel and advise them about any personal problems.

Mr. Calvin Perry

Mrs. Carol Squires

Mr. Leland Thornhill
