GLUSKIN'S CAMERA CORNER

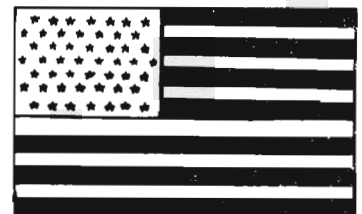

Events have taken place during the school year 1958-1959 which we shall ever recall with rejoicing. The Congress of the United States has approved statehood for Alaska and Hawaii. July 4, 1959 shall mark the event officially and a new flag shall fly above our country in all its glory.

As I pause to look back upon the many weeks that members of my staff and I have taken to prepare the second edition of the Mastetopp, the thought of the many people who have helped to make the book possible returns . . . MANY THANKS . . .

To Miss Bernice Campbell, faculty sponsor . . . for her hard work and guidance . . .

To Mr. Richard Yoshikawa . . . for his photographs . . .

To merchants . . . for their patronage . . .

To members of clubs and organizations . . . for their financial help and interest . . .

To Donald Byrd, Doris McAdams, Sharon Lee, and Carol Hayashi . . . for their time and effort to obtain sponsors . . .

To the students of Edison Senior High School, who, because of their interest in school and community activities, have made this journal what it is . . .

Dear Marie, we had a lot of fun during
School didn't we? The first part of it of course
Remember the haunted house and the Party's
Boy we had fun. Remember the time you
Linda & I were going down the hall,
think it was the 20 or 30 wing that Sammy
Zak, Johnny (my love) and the other guys.
We couldn't fit, that is the seven of us.

See I hope you could have gone
back to school with us. And remember
when we were folk dancing and you
fell across the floor that was
funny. Remember when it was Sammy Strong
But now it's Johnny Fabian or Marie
I like him so much I got butterflies
in my stomach. I bet I don't go to the
Senior Ball with him but I wish
to God I could.

Always your
friend

To Marie,

a real good friend. I hope you find happiness in all you do. Well Marie next year we graduate. I don't believe we're so close, we've been waiting together since the ninth grade. Marie we've done a lot of crazy things since we've known each other, but we had a lot of fun too. I hope your plans for after graduation all work out. I hope we see a lot of each other after that. It's funny us going to summer school huh? But I guess we asked for it.

To Marie, a wonderful girl with a wonderful personality, well Marie another year of school has gone by for us. just one more year and we'll be out of school and won't that be wonderful? well in a way it won't, will it? We won't be around with the other kids and we won't be able to stop and get a cake after school, or do the things that we do at school. Remember the good times we had together at school? Like the time we got a break from school and then decided to eat ("smile") it was a very boring day in a way, but in another way we had fun sitting in the restrooms all day without anything to eat. and boy were we hungry!! Marie you and I have done lot of things together, so many I can't name them all. like the time we called up David Dennis and Johnny and we didn't even know them I'll never forget this thing and the fun we had. and most of all I'll never forget how long it took us to walk home after school. I am going to hate to leave Edison and poor old "Linka" another one of my best friends. now she's going to find someone who will walk slow or else she'll have to roll with Arno smile

To Marie,
 a real swell
 girl who's a lot
 of fun to know, I
 hope we will always
 be friends and I wish
 you lots of luck in the
 future. I hope I see you
 next year. To a real sweet
 girl.
