“GOOD SHOES ARE AN ECONOMY”

CHINA

To the women of San Francisco and America, for their spirit, devotion and loyalty and to the soldiers and nurses of the United States Army for the miracles they have wrought at the Letterman General Hospital in reconstructing the minds and bodies of those who fought to make the world safe, I send the deep appreciation of the Republic of China. Your patriotism and sacrifices will live long in the memory of the world.

CHAO-HSIN CHU,
Consul General,
Republic of China.

JAPAN

"Japan's congratulations go out to the citizens of all the nations with whom she had the fortune to stand side by side in this world-wide war — France, Belgium, Britain, Italy, Brazil, Greece, Portugal, our neighbors of China and Siam, the wonderful Czech nation, together with all who fought for the cause — and these were many — in Russia, and last, but certainly not least, the great American people, whose unselfish and well timed intervention, so brilliantly performed, must have convinced our enemies that the struggle was hopeless. We are proud to think that, in the measure of our capacity, we also did our part. Now it is our opportunity to translate our mutual congratulations into practice, and to make this great triumph achieved in concert the beginning of an era of friendly cooperation which shall make the world a happier place and one worthy of the heroism that has brought us victory."

I can only add that these words of Premier Hara convey exactly the idea which I wish to express to your readers.

Yours truly,
T. OHTA,
Consul-General of Japan.

GREECE

The work done by the women of the United States in the great war was equivalent to the principles involved in the struggle.

It was performed so thoroughly and so efficiently that it justly acquired the admiration of the entire civilized world.

Such noble expression of the supreme inner human power only a publication like yours can extoll worthily.

Thanking you for giving me the occasion to express my views on the work done by the women of the United States during the war towards its successful and speedy termination, I remain,

Yours very truly,
CONST A. PARIAGOPOULO,
Consul of Greece.

GUATEMALA

The Women's Soul of America in the War

When war broke out, each American home ennobled with the spirit of Martha Washington. . . Behind the fire line, women formed a front of enthusiasm, of self-denial and of love for the brave that on the sacred fields of France were winning the battles of Civilization and Right!

The "Sammies" knew very well when falling under the shrapnel of the foe's guns that their pain and sacrifice were one in the hearts of millions of mothers, sisters, wives and daughters. Blessed be the hands that wove bandages, the eyes that shed tears, the souls that had faith, the generous hearts that on the hour of trial palpitated with the world's bleeding heart. . . !

Eat BREAD

YOUR work may keep you on the street, or it
may call you to dizzy heights.

YOUR work may be muscular or it may be
mental.

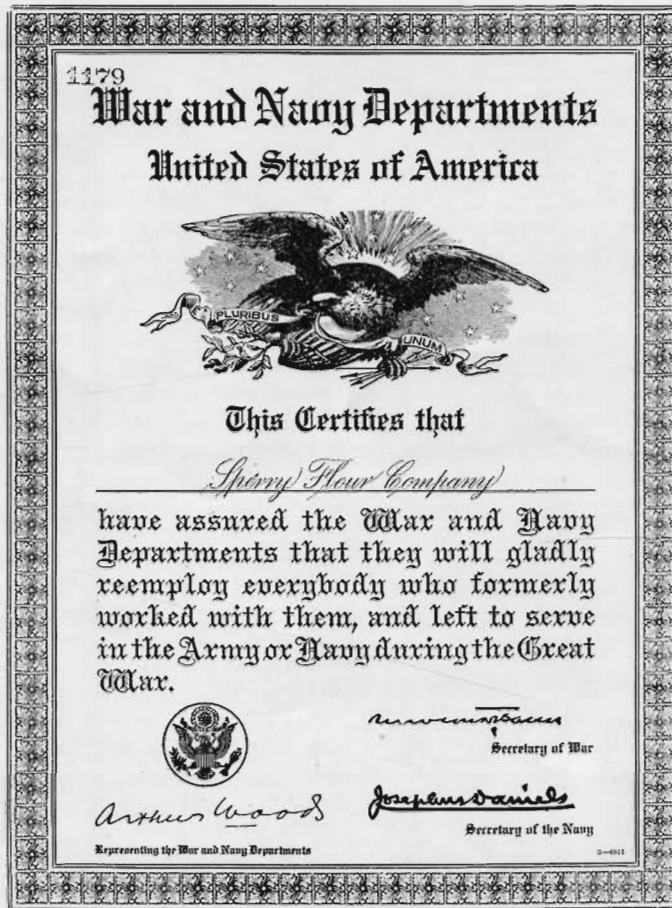

In any case you can reach the highest efficiency
only by eating efficient food.

Eat more bread. It is strength-giving; it is
healthful; it is economical.

Bread contains all the elements to build
muscle, bone and brain. It will sustain your en-
ergies at their best, and be less of a tax on both
your purse and your digestion than rich, heavy
foods.

Try doubling your bread allowance. Prove
that bread IS the staff of life.

Sixty-five Delicious Dishes Made with Bread
is the title of a recipe book that will help any
woman to extend and vary the family menu.
This recipe book is published by the manu-
facturers of Fleischmann's Yeast. You can get
one free on request of your baker or grocer.

PRACTICAL PATRIOTISM AS IT IS
PRACTISED BY THE SPERRY
FLOUR CO., AN INSTITUTION
THAT IS AND ALWAYS HAS BEEN
100 PER CENT AMERICAN.

THOSE ON THE SPERRY SOLDIER AND SAILOR HONOR ROLL—MORE THAN ONE HUNDRED AND FIFTY OF THEM—WENT TO WAR THE MORE ENTHUSIASTICALLY AND DETERMINEDLY, BECAUSE THEY CARRIED WITH THEM THE ASSURANCE THAT THEIR POSITIONS WOULD BE OPEN FOR THEM WHEN THEY RETURNED.

THIS IS BUT ONE EVIDENCE OF THE STALWART AMERICANISM OF THE PACIFIC COAST'S LARGEST PRODUCER OF FLOUR AND CEREALS. IT IS TYPICAL OF THE SPIRIT THAT HAS ANIMATED IT FOR TWO-THIRDS OF A CENTURY.

Returning Soldier—

YOU are entitled to the best that American Institutions you have defended can give.

The educational opportunity given to you by the government includes the choice of a commercial training at Heald's College.

With a Heald training you can face the future with confidence. You will have a thorough, practical education.

Heald's stands ready to render its best to you—not in the spirit of gaining more, but in the spirit of a return service for what you have done,—to show appreciation and help you “get on your feet”—

Heald's will make the way clear for the earnest, ambitious soldier to forge ahead.

The School is especially prepared to aid those whose previous education has been limited.

Over 200,000 students have gone through Heald's to success.

More positions than we can fill.

Come in and see us because you **can** attend Heald's. Ask for Mr. Lesseman.
