The Government Is Mobilizing

STENOGRAPHERS, CLERKS AND BOOKKEEPERS

There will be abundant opportunity for you to do your "bit" as a trained office worker and the Federal Government wants you.

Through the large typewriter factories, the U. S. Federal Government is trying to mobilize 5000 stenographers on the Pacific Coast within six months.

The HEALD-COMMERCIAL COLLEGE will prepare you within that time for the government service, or a business position, if you prefer it. Our school will be in session the entire summer. Special attention will be given to intensive work in practical studies.

GET READY FOR SERVICE

The services of every capable young man and woman are needed as never before in the history of the country.

The present over-supply of teachers will, doubtless, be absorbed within a year; and by the opening of the fall term of Nineteen Eighteen the demand for teachers will be greater than the supply.

Enter the Western Normal at the beginning of the fall term (August Twenty-seventh), apply yourself closely and be ready for a position by the opening of the fall term of 1918.

ACT NOW while there is certainty of employment.
