“AMAROC”

Concrete Pipe

— FOR —

**IRRIGATION, DRAIN AND SEWER**

Our pipe are tested regularly by F. W. Stanley, engineer for the California Associated Concrete pipe manufacturers, and must have a tensile strength of at least 200 pounds per square inch, and show no seepage under that test.

Quality

Cleanliness

Service

Courtesy

Such is the foundation of our success and with which we solicit your future patronage.

An additional storage box, just completed, with a capacity of 50 heads of cattle will greatly insure our standard of quality owing to the well known fact that refrigerated beef is the best.

Our peddling wagons which cover the country within a radius of ten miles, coupled with our city delivery, gives Lodi the service second to none in the state.
