

WHITE TRUCKS

HAUL MORE FOR LESS

¶ Thirty-one thousand ninety-three Whites in fleets of ten or more, in the hands of 837 owners.

The Gulf Refining Company operates 1738 White Trucks, an investment of over \$5,000,000. Purchased their first truck in 1911.

The Associated Bell Telephone Companies operate 1,173.

The Standard Oil Company of New York operates 842.

The Union Oil Company of California operates 759.

The City of New York operates 711.

¶ In addition to the users who operate fleets of ten or more White Trucks, there are many thousands of owners operating White Trucks in fleets of less than ten and in single installations. The total value of all White Trucks and White Busses on the road is well in excess of \$350,000,000.

¶ The above, together with the names of many other White Truck fleet owners, are all contained in the Annual Roll Call of White Truck Fleets of ten or more, will be mailed you upon request, together with a copy of the 100,000 Miles and More White Truck Owners records.

¶ In view of the above facts, can you afford to buy any make of truck without first investigating the White?

¶ Prices are right, ranging from \$2150 to \$5100. We also have convenient terms to offer to the man who wishes to pay for his truck out of income instead of capital.
