

To the Students:

We have this year, as usual, an annual which is far more expensive than those put out by many of the larger schools. We are able to have a book of this size because the business men, the backers of the Lodi Union High School in its every venture, have again given us their support in the form of advertisements.

While we do not admit that the money which they put into the Tokay is merely a donation—that there are no returns from the advertising—we appreciate the spirit in which they give us their assistance. This annual will, we hope, always be to the students a pleasant reminder of their high school days.

Fellow students, remember who is responsible for the size and appearance of our year book, and patronize our advertisers.

The Editor

The business manager of this year-book wishes to thank the local business men, the service clubs, and all others for their hearty co-operation in making this annual a success.

BUSINESS MANAGER.
