### *Business Training Pays Dividends for Life*

TO THE SENIOR CLASS:

A Secretarial Course in the College of Commerce following immediately after high school would add greatly to the value of your college course, and in case of necessity would enable you to earn a part or all of your expense.

If you do not plan a college course, then a Secretarial or Business Training Course would insure a good business position and an opportunity to advance.

Think it over.

J. R. HUMPHREYS, Principal.
