CASHIERS!

TELLERS!

CLERKS!

Do your employers furnish you with the latest edition
of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."
