In spending their last year at Mariposa High, the Seniors joined heartily in providing entertainment for all. They presented the annual Christmas Party, which was one of the most successful of the year. In April the annual play "Brother Goose" was successfully presented with the approval of all who attended. In Fresno a most enjoyable "Ditch Day" was spent swimming at the Del Mar Rosa, shopping, dining, etc. The Junior-Senior banquet was greatly enjoyed, and in May the class of '45 proudly donned caps and gowns and marched forward to receive their diplomas—a symbol of four years of hard work for scholastic and social honors.

The class, though small, has been one that has worked together and accomplished much. They go forward into a world of war and hard work, but they leave memories of happy times together any of many events and accomplishments they have shared behind the portals of Mariposa High.

With the Junior-Senior Banquet as their goal, the class set out for a year of hard work. In "Peggy Makes Up Her Mind," a riotous comedy, the class started out their year's activities. They had the brilliant idea of planting a flower garden, which would furnish flowers for the banquet and graduation, in the patio, but the weather was against them and the plan was not successful. They presented the most unique party of the year; everyone was dressed as "kids" and prizes were awarded. With proceeds from movies and food sales, the class brought the year's activities to a successful end when they presented the Banquet to the Seniors at the Women's Club in Merced.

Continuing their successful beginning of last year, the Sophomores proved themselves a capable and enterprising lot. At the football and baseball games and in the cafeteria, they staged delicious food sales. At the Thanksgiving party, they proved themselves a worthy contribution to social life. As a group, they have worked together and provided entertainment for everyone, and as individuals, the class has shown in its possession personalities of talent in every field, such as drama, music, and scholasticism.

Opening day of school brought to light a new group of students, ready to show their ability and eagerness to learn new things. In the field of sports and scholasticism, they have contributed much. The party they presented as a return to initiation was a howling success and the "Truth or Consequences" game was to everyone's liking. In addition, the Freshmen continued the pre-program dinner-dance concession in a successful manner.

Despite the obstacles to overcome and the new things to learn, they have proven themselves capable of much and their talents are being recognized readily.
