DIRECTIONS AND INSTRUCTIONS FOR TELEGRAPHING FIRE ALARMS.

The following should be observed when a fire is discovered:

I. Go to the box, break the glass, open the door and pull the hook down as far as it will go firmly and without jerking, and let it slide back.

II. If the alarm is not immediately heard upon the small bell within, or at one of the engine houses, go to the next nearest box to the fire and repeat the operation.

III. If on going to the box to give an alarm the bell inside is heard ringing,

which is an indication that an alarm is being sent in, do not open the box until it is done.

In all such cases count the signal which is being sounded and be certain it is not for the same fire.

Citizens are cautioned—

1. To not open the box except in case of fire.
2. To not give an alarm until certain of fire.
3. To not give an alarm for a fire seen at a distance.
4. To pull down the hook but once in giving an alarm.
5. To be sure, after giving an alarm, that the door is securely closed before leaving the box.
6. Wait at the box and direct the firemen to the fire.

POSTAL RATES AND CLASSIFICATION OF MAIL MATTER.

Domestic mail matter, that is, mail matter sent in the mails from some postoffice within the United States to some other postoffice within the same, is divided into four classes, as follows:

First Class Matter.

RATE OF POSTAGE: TWO CENTS FOR EACH OUNCE OR FRACTION THEREOF.

Written matter, namely, letters, postal cards, and all matter wholly or partly in writing, whether sealed or unsealed—except as provided below—and all matter, sealed or otherwise, closed against inspection, is of the first class.

Postal Cards—No printing or writing other than the address allowable upon the address side; nor may anything except an address label be pasted or attached to any postal cards. The words "to be called for," or any proper description of the person or place addressed may be written or printed thereon as part of the address. Any other writing, mark or seal placed on the address side renders it unmailable except at letter rates.

Private Mailing Cards—Mailing Cards other than government postal cards may be sent through the mails at the rate of

one cent apiece, payable by stamps to be affixed by the sender. Written messages may be sent on these cards when they are made to conform to the following restrictions: Such cards must be approximately of same form, quality and weight as the stamped postal cards now in general use, not exceeding 3 ½ by 5 ½ inches, nor less than 2 15-16 by 4 15-16 inches. The color of the cards may be white, cream, light gray, or shade of the government card. The cards must bear these words in print on the addressed side: "Post Card." There may be on the message or address side advertisements, illustrations, or other matter printed in black or colors. Ordinary mailing cards, when the message is entirely in printing, are not restricted to the above conditions. They may be of any size, but are not entitled to the words "Post Card."

Second Class Matter.

Second class matter is of two kinds. First, that sent by publishers or news agents; second, that sent by other than publishers or news agents.

RATE OF POSTAGE TO PUBLISHERS AND NEWS AGENTS: ONE CENT PER POUND OR FRACTION THEREOF. TO INDIVIDUALS, ONE CENT FOR EACH FOUR OUNCES OR FRACTION.

Mailable matter of the second class embraces all newspapers and other periodical publications which are issued at stated intervals and are within the conditions named in the statute.

STATUTORY CHARACTERISTICS OF SECOND CLASS MATTER.

First—It must be regularly issued at stated intervals, as frequently as four times a year, and bear a date of issue and be numbered consecutively.

Second—It must be issued from a known office of publication.

Third—It must be formed or printed paper sheets, without board, leather, cloth or other substantial binding, such as distinguished printed books for preservation from periodical publications.

Fourth—It must be originated and published for the dissemination of information of a public character, or devoted to literature, the sciences, arts, or some special industry, and having a legitimate list of subscribers.

What Is Permissible to Be Written or Printed—The name and address of the person to whom the matter shall be sent; index figures of subscription book, either printed or written; the printed title and place of publication; the printed or written name and address of the publisher or sender, or both, and written or printed words or figures, or both, indicating the date on which the subscription to such matter will end; the correction of any typographical error; a mark, except written or printed words, to designate a word or passage to which it is desired to call attention; the words "sample copy," or "marked copy;" and publishers and news agents may enclose in their publication bills, receipts and orders for subscription thereto.

Third Class—Printed Matter.

RATE OF POSTAGE: ONE CENT FOR EACH TWO OUNCES OR FRACTIONAL PART THEREOF, AND MUST BE FULLY PREPAID BY STAMPS AFFIXED.

Printed Matter—Is defined to be the reproduction upon paper by any process except that of handwriting, or by the typewriter, of any words, letters, characters, figures, or images, or of any combination thereof, not having the character of an actual personal correspondence. Seeds, bulbs and scions are included in third class matter.

Further Points of Definition—Reproductions from originals, produced by mimeograph or similar mechanical process, easy of recognition, are entitled to pass in the mails in unsealed envelopes as third class matter, when mailed at the postoffice windows in numbers of at least twenty identical copies.

Proof sheets and corrected proof sheets and manuscript copy accompanying the same are rated as third class matter.

Permissible Writing—Upon matter of the third class, or upon wrapper or envelope inclosing the same, or the tag or label attached thereto, the sender may write his own name, occupation and residence or business address, preceded by the word "from," and may make marks other than by written or printed words to call attention to any word or passage in the text, and may correct any typographical error. There may be placed

upon blank leaves or cover of any book or printed matter of the third class a simple manuscript dedication or inscription not of the nature of a personal correspondence. Upon the wrapper or envelope of third class mailable as third class, but there must be left on the address side space sufficient for a legible address and necessary stamps.

Fourth Class—Miscellaneous Matter.

RATE OF POSTAGE: ONE CENT FOR EACH OUNCE OR FRACTIONAL PART THEREOF.

Mailable matter of the fourth class embraces all matter not embraced in the first, second and third class, which is not in its form or nature liable to destroy or deface or otherwise damage the contents of the mail bag, or harm the persons of any one engaged in the postal service, and is not above four pounds in weight for each package thereof, except in case of single books weighing in excess of that amount.

Examination—All matter of the fourth class shall be subject to examination.

How Enclosed—Articles of merchandise must be wrapped or enclosed in such a manner that their character can be easily ascertained. In the case of such articles as medicine, powders, tobacco, cigars, fancy soaps and the like, postmasters will accept them when mailed in their original wrappers and so sealed or enclosed as to properly protect the articles, so that each package in its simplest mercantile form or unit of measure may be examined.

Permissible Writing or Printing Upon or with Fourth Class Matter—With a package of fourth class matter prepaid at the proper rate for that class, the sender may inclose any mailable third class matter, and may write upon the wrapper or cover thereof, or tag or label accompanying the business address, preceded by the word "from," and any marks, numbers, names or letters, for purpose of description, or may print thereon the same and any printed matter not in the nature of a personal correspondence.

Positively Unavailable—Poisons, inflammable or explosive substances and other substances exhaling a bad odor. All alcoholic liquors, live animals or reptiles, dead animals not stuffed, live insects, ex-

cept bees, comb honey and fruits or vegetable matter liable to decay; also letters, pictures or other articles of obscene or indecent character (sealed or unsealed), letters or circulars regarding lotteries or fraudulent schemes of any kind, and letters or other articles upon the outside of which appears anything of a scurrilous, defamatory or threatening character.

Foreign.

THE UNIVERSAL POSTAL UNION includes nearly all foreign countries. The classification of mail is as follows:

Articles for or from foreign countries, except Canada and Mexico, are classified as "Letters," "Postcards," "Newspapers" and other printed matter. "Commercial or business papers," and "Patterns or samples."

The Rate of Postage to the countries and colonies composing the Universal Postal Union (except Canada and Mexico) are as follows:

Letters, per 15 grams ($\frac{1}{2}$ ounce) 5 cents.

Postal cards, each, 2 cents.

Newspapers and other printed matter, per 2 ounces, 1 cent.

Commercial Papers—Packets, not in excess of 10 ounces, 5 cents. Packets in excess of 10 ounces, for each 2 ounces or fraction thereof, 1 cent.

Samples of Merchandise—Packets, not in excess of 4 ounces, 2 cents. Packets in excess of 4 ounces, for each 2 ounces or fraction thereof, 1 cent.

Mexico and Canada.

Mexico—Matter mailed in the United States addressed to Mexico is subject to the same postage rate and conditions as it would be if it were addressed for delivery in the United States, except that articles of miscellaneous merchandise (fourth class matter) not sent as bona-fide trade samples, are required to be sent by "Parcels Post." See below.

Canada—Matter mailed in the United States, addressed to Canada, is subject to the same postage rates and conditions as it would be if it were addressed for delivery in the United States. The following articles, however, are absolutely excluded from the Canadian mails, without regard to the amount of postage prepaid, or the manner in which they are wrapped, viz: All sealed packages other than letters in

their usual and ordinary form; all packages (except single volumes of printed books) which weigh more than 4 lbs. 6 oz.; "Police Gazette;" publications which violate any copyright law of Canada.

Merchandise may be sent in the mail's to Canada at domestic rates of postage, when not sealed against inspection, subject to the custom duties of that country.

Parcels Post.

Unsealed packages of mailable merchandise may be sent by Parcel Post to Germany, Jamaica, Barbadoes, the Bahamas, British Honduras, Mexico, the Leeward Islands, the Republic of Colombia, Costa Rica, the Danish West Indies and Salvador, British Guiana, Windward Islands and Newfoundland at the postage rate of 12 cents per pound.

Office Hours.

The general postoffice is open for the reception of mail from 5 o'clock a. m. to 11 o'clock p. m., and for general business from 8 a. m. to 7 p. m., except Sundays. Cashier's office from 8:30 a. m. to 5 p. m. For the transaction of registry business from 8 a. m. to 9 p. m., and for money order business from 9 a. m. to 9 p. m., except Sundays.

The carrier stations are open for general business from 7:30 a. m. to 7 p. m.

The numbered stations in drug stores, etc., are open for business at all hours of the day and evening, including Sundays.

On Sundays and holidays the main office and stations are open for general business one hour—from 12 m. to 1 p. m.—during which the carriers are in waiting to pass out any mail called for by their patrons.

Collections of mail from street boxes are made from one to twelve times daily, according to location of the boxes.

Outgoing mails close one hour before departure of train from the railroad station.

General Information.

Application for missing letters, papers and packages mailed at Sacramento for other postoffices, for mail matter that is held for postage, or is for any other reason unmailable, should be made at the office of the Superintendent of Mails.

For entry of second class matter or for information concerning the same or for letters which the senders desire to recall

by telegraph before delivery is made to address, application should be made at the Assistant, Postmaster's room.

For stamped envelopes, postal cards, etc., in quantities of 500 or over, application should be made to the cashier.

Immediate delivery of mail matter by a special messenger may be secured by affixing a special delivery stamp in addition to the regular postage at any hour between 7 a. m. and 11 p. m., including Sundays.

In the event the sender has no special delivery stamp, he may place on such letter additional legal postage stamps of any denomination which aggregate 10 cents in value, and write the words "Special Delivery" in a conspicuous place near such stamps. It is understood that every "Special Delivery" letter must bear at least 12 cents in postage stamps to guarantee its delivery.

Inquiries respecting the arrival and departure of mail should be made at the office of Superintendent of Mails.

Inquiries respecting the delivery of mail should be made at the office of the Superintendent of Delivery.

For redemption of stamped envelopes which have been spoiled in directing or printing, apply to the Retail Stamp window.

For rental of lock boxes or drawers, apply to the Inquiry window.

For employment of clerks or carriers or information concerning the same, application should be made to the Secretary of the Local Board of Examiners for the Civil Service Commission, or Wm. Rider, General Postoffice.

Penalty of Evasion of Payment of Postage—Any person who shall conceal or inclose matter of a higher class in that of a lower class and deposit or cause the same to be deposited for conveyance by mail at a less rate than would be charged for such higher class matter, shall, for every offense, be liable to a penalty of \$10.00.

Detention, wrong delivery or loss of mail matter should be reported immediately in person or by letter to the Postmaster. The complaint should be accompanied, if possible, by the envelope wrapper or postal card in order that an examination may be made of the address

and post marks which is essential to satisfactory results.

All transient residents receiving or expecting to receive mail at the general delivery should instruct their correspondents to add to the address of same "General Delivery," which will save from twelve to twenty-four hours in delivery.

All valuable letters should be registered which every carrier is authorized to receipt for at the door of the sender.
