Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

In line with the economic trend to standardize all generally used products, THE ASSOCIA-
TION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now
making, all city directories published by Association members conform to certain standards in regard
to make-up, compilation and classified business headings which will simplify and facilitate their use.
