**YOUR CITY DIRECTORY SHOULD BE TRADE-MARKED**

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the Association of North American Directory Publishers.

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.
