Wood to Cut?
call on
**TIRELESS
TITAN**

FARMERS and others who have wood to cut are finding TITAN power chain saws ideal all ways—for one-man or two-man operation—to fell trees for pulp or sawmill logging; to cut cordwood, posts, railway ties; to square timbers, prune, clear land; for use in the wood lot. Choose from the complete TITAN line: TITAN Series 40, one-man saw, motor weight only 30 lbs., available with 18" to 44" bars or 19" bow; TITAN Series 60, one- or two-man saw, motor weight only 32 lbs., available with 26" to 60" bars, or 19" bow; TITAN One-Twenty, two-man saw, 12-horsepower for the big jobs. Ask us for a TITAN demonstration today.

- You'll get quicker service when you dial if you follow these simple steps:
1. Listen for the dial tone. This tone is your signal that the equipment is ready to take your call.
 2. Dial each letter and digit of the number in its right order.
 3. Draw the dial all the way to the finger stop.
 4. Remove your finger and let the dial return naturally, without forcing or hurrying.
 5. If you make a mistake while dialing, hang up for a few seconds and then start your call again.

A store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Salon, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Directory. Thus they direct more business their way.

TO REPAIR LINOLEUM

If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

KEEP LIGHT FROM MILK

Keep light from milk to prevent loss of riboflavin, its most important vitamin element. If you don't meet the milkman, leave out a covered, insulated box for bottles of milk. Remember that light hurts milk more than heat does in a short time.
