All garbage disposed of scientifically, including bones, fruit pits, even tin cans and bottles . . . fits in your present sink.

## THE SAFEST GARBAGE DISPOSER IN AMERICA

Children cannot put anything in the disposer while it is running. Nothing can fly out while in operation. Costs less than it does to have a garbage can. No more flies, odors, or unpleasant trips through the cold and rain to the garbage can.

## CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

## WHY A *Buyers' Guide?*

★ *It is customary to include a Buyers' Guide in the City Directory because:*

*It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.*

**The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED**
