It is Your Own Fault If You Become Bald

If your hair is falling it is a danger signal that should be promptly regarded. Do not delay, for it takes time and patience to grow new hair, and the fact that "prevention is always better than cure," should cause you to stop at once the destruction that is going steadily on.

Ivy Tonic Will Cure You

This great preparation is backed by over twenty years of success. It kills the germ that causes dandruff, stops itching and cures hair and scalp diseases. It invigorates the scalp, restores it to health, stops falling hair and brings about a new growth to cover up the thin and bald spots. The reputation of this wonderful tonic is so well known that

Thousands of People Are Using it

You do not have to resort to some new, untried or unknown remedy. Remember, that if my conditions are complied with I **positively guarantee** to grow hair on smooth bald heads. This is the greatest test it is possible to make.

Besides its merits as a hair restorer, Ivy Tonic is a most delightful toilet article. It is soothing, cleansing and refreshing. It makes the hair soft,
