**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recog. conized by all  
 business men. It is astonishing to see how a firm or product, however meritorious, will slip  
 into the limbo of the forgotten if not persistently advertised.  
 The City Directory is the natural medium for keeping a business or product name in the spotlight.

**Out of Sight - Out of Mind - Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
