Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recog. cognized by all
 business men. It is astonishing to see how a firm or product, however meritorious, will slip
 into the limbo of the forgotten if not persistently advertised.
 The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recog conized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
