FRESHMAN COMPOSITION ON CATS

Cats that can maul and tease are Maltese cats; cats that purr beautifully are Persian cats; cats that lose their temper are Angora cats, and those that show their feelings are feline cats.

O-OH, READ THIS!

She kissed him. "Speak to me!" she begged.

But he was silent.

Fondly smoothing his curly hair,

She looked into his deep eyes pleadingly.

"Speak!" she implored again. It was more than he could resist.

"Bow-wow!" he said.

"I'm Hungary and Chile," said the tramp, thinking that puns might bring him better success than putting on a long face.

It just happened that the man who came to the door enjoyed puns himself, so with a twinkle in his eye, he said:

"Well, I'll Fiji! Uruguay sort of a fellow, aren't you?"

"Yes, Siam. I find it Greece with me more than moping."

"All right; Yukon come in, but as soon as I Servia, Denmark time in getting away."

BANK OF ITALY

Head Office—San Francisco, California, with Branches in 20 Cities in California

Capital paid up of.....	\$5,000,000
Resources over.....	100,000,000
Depositors over.....	165,000

The fastest growing bank west of Chicago.

The Bank of Italy is a State Bank, under the law of the State, it operates a Savings, Commercial and Trust Business.

SAVINGS

The Savings deposits are made up of thousands of depositors throughout the State, where the Savings of the very smallest or the very oldest are welcomed. In this department come the School Savings of the hundreds of public schools throughout the State of California.

COMMERCIAL DEPOSITS

The Commercial or checking deposits under this system of branch banking affords a service where deposits may be made in any branch bank, and credit is immediately given at the proper branch for the deposit. An interchange system with our Branches offers our customers an opportunity of a convenience of banking which is both economical and efficient. Letters of introduction from one Branch to the others are also of value to clients in the transaction of any business. Settlement of taxes in the various County Seats where our Branches are established has also proved very satisfactory to our patrons, and the public generally.

TRUST DEPARTMENT

The Bank of Italy is the only bank in San Joaquin County authorized to conduct a trust business under the laws of the State of California. The Trust Department is authorized to act as executors of estates, to act as guardian for minor children, and perform all duties of individuals in service of this nature, who are appointed by the courts. The important feature is that a bank has its skilled officers to attend to these matters, and the individual may be prevented by illness from giving proper attention to the affairs of the estate. In the Trust Department of the Bank of Italy, the affairs of the estate are carefully managed at all times, and death or sickness does not interfere with its management. We have a special booklet on the Trust Department service, a copy of which will be sent to anyone interested.

THE OLD GAME

He made a run around the end,
Was tackled from the rear,
The right guard sat upon his neck
The fullback on his ear.

The center sat upon his legs,
Two ends sat on his chest.
The quarter and the halfback then
Sat down on him to rest.

The left guard sat upon his head,
A tackle on his face,
The coroner was next called in
To sit upon his case.

WOULD HE?

Beside a sewer a man lay dead,
A dagger in his side,
The coroner's decision read:
"He died of suicide."

Now, if this man at home in bed
Had in this manner died,
Then could the coroner have said:
"He died of homicide"?

Why is it folks sit this way in
The car we miss?
While in the car we catch at last
We're jammed likethis?

A. Silver Dollar
Began to holler.
He said: "I am too flat."
But A. Dollar Bill
Said: "I'm flatter still;
Shut up and take comfort in that."

I've rented a pew at church,
But to my sorrow find
The girl I love to look at best,
Sits in the pew behind.

Congratulations

Miss King (speaking on circulation)—If I were to stand on my head,
the blood, as you know, would run to it, and I would turn red in the face.
Can someone tell me the reason?
