

We wish to take this opportunity to express our very sincere appreciation of those advertisers who have helped to make this book possible. These firms are interested in the Stockton High School and are ever ready to make special efforts to please the students. We bespeak your patronage of these firms.

We cannot too heartily recommend them—nor too warmly express our appreciation for their generous interest and material aid in the furtherance of the success of this book.

Ellis E. Eckland,
Business Manager.

Business Training Pays Dividends For Life

To the Senior Class--

A Secretarial Course in the College of Commerce following immediately after high school would add greatly to the value of your college course, and in case of necessity would enable you to earn a part or all of your expense.

If you do not plan a college course, then a Secretarial or Business Training Course would insure a good business position and an opportunity to advance.

Think it over.

J. R. HUMPHREYS, Principal.

Summer Term—July 15, 1929.

Fall Term—September 2, 1929.
