Graduation

Listen, my children, and you shall hear
Of scholars departing from school this year;
On the eighteenth of June in thirty-one
Are pinned the hopes of many a one.
We have worked like Trojans, with fear in each heart,
Lest the visions of college be forced to depart.
The appearance of fours on a bad looking card
Is the fate of the ones who didn't try very hard
To work out their lessons with a vim and a will,
And so they're the ones to be staying here still.
Our hopes for the future, are now very strong,
With visions quite different for each of the throng;
Some of us dream that great doctors we'll be,
While others expect the state laws to decree;
And many a classmate, with unsettled mind,
Just trusts to discover a taste of some kind.
Our heart-beats, they quicken, at thought of completing
Our school days; the time now is fleeting
That once crawled so slowly; yet a spirit of sadness
At saying farewell creeps into our gladness.

Business Training Pays Dividends for Life

CONGRATULATIONS

We extend sincere congratulations to the members of the Senior Class upon their good fortune in finishing a four-year course in the Stockton High School.

A Secretarial Course or Business Training Course immediately following high school would prove a wise investment!

Jokes

“Home rule means woman’s rule in the home; she’s the boss.”

Claudia Smith—Embargo is what they carry in a ship.

Teacher (In History)—In what period are we studying about George Washington?

Ed. N.—In the 2:20 period.

Teacher (In Geometry Class)—What kind of a circle do we draw?

Frank C. (absent-mindedly)—A round circle.

Miss Chidester—Mabel, give the definition of a perpendicular bisector.

Mabel Hamma—If two points are equidistant from the ends of a segment, they determine the perpendicular bisector of the segment.

Irma Mahin, 11B, presented her adviser, Miss Berry, with a transfer to be signed. Absent-mindedly, Irma said:

“Miss Adviser, will you please sign my berry for me?”

Mr. Raven (in vitamin discussion)—What is found in cod liver oil?

Bright Student—Sardines.

Aaron Passovoy’s latest motto is: Smile and the **world thinks you’re** crazy; cry and the world asks silly questions.

Clarence R.—What do you call it when a girl gets married three times—bigotry?

Dale R.—Boy, you certainly are an ignoramus. Why, when a girl gets married two times, that’s bigotry; when she tries it three times, that’s trigonometry.

Ralph Liscom—George, how is it your music seems to fit nicely, even when you fake? What key do you play in?

George Alfred—Easy, skeleton key! It fits anything.

Ed Trombetta—What did you run the 880 in?

James Thanos—In my gym suit, of course.

John Hanna—What is an 18-carrot sardine?

Mr. Vannuccini—A goldfish.
