

EXECUTIVE COMMITTEE OF THE G. A. A.

Left to right: Top row—Ruth Cundell, basketball manager; Ruth Poole, spring president; Isabelle Long, baseball manager; Elizabeth Abbott, volley ball manager; Second row—Margaret Evans, tumbling manager; Evelyn Leininger, archery manager; Jean Rossi, tennis manager; Rosemary Neary, fall president; Lyle Sayles, vice-president; Ruby Eaton, cheer leader.

*Girls' Athletics*

WITH the application of the motto, "Every girl in many sports," a glorious epoch in the history of girls' sports in Stockton High has been brought about. The girls are not fatigued after a year of strenuous activity, but each quarter has brought with it more enthusiasm, until the girls' physical education department has reached a "peak of prosperity." The Girls' Athletic Association has seen to it that there was not even a trace of "hard times," or "depression" in its numerous activities.

Every girl who took a regular part in an after-school sport either at home or on the campus automatically became a member of the G. A. A. In order to execute the "Every girl in many sports," sports were run throughout the year instead of by seasons, thus enabling more girls to take part for a longer period of time than heretofore. This plan was effectively guided by the following faculty members: Mrs. Agnes D. May, head of the P. E. department, Miss Grace U. Bliss, Miss Helen T. Gardner, Miss Eugenia Grunsky, and Miss Frances Sheltman, and, during the fall, Miss Alida Israel.

The sport program included tumbling, basketball, baseball, archery, tennis, swimming, volley ball, and the new sport, hockey. Swimming was limited to the spring and fall quarters, and tumbling, to the winter quarter. All other sports ran continuously throughout the year. The program of sports was managed by the G. A. A. Executive Committee, which consists of officers and sport managers. The following girls were elected to fill the offices of the G. A. A. for the first semester: president, Rosemarie Neary; vice-president, Constance Stormes; secretary, Charlotte Hawkins. In the second semester the president was Ruth Poole; vice-president, Lyle Sayles; and secretary, Charlotte Hawkins.

The G. A. A. awarded six types of honors to girls for winning points, which were gained by participation in sports. The circle class numeral was awarded for 100 points; class numeral for 200 points; circle numeral for 200 points; circle "S" for 300 points; Old English "S" for 400 points; silver pin for 500 points; white Old English "S" for 600 points.

CHAMPION BASEBALL TEAM

### BASEBALL

ALTHOUGH other sports were well supported, baseball has remained the most popular after-school activity. In the first semester one hundred girls were enrolled in baseball, and in the spring semester over one hundred and fifty came out. Interest in the two baseball series increased greatly during the year. Last fall the interclass series was won by the juniors. Isabel Long was manager and Miss Sheltman supervised the games. Scores were as follows:

Sophomores 7	Freshmen 4
Juniors 8	Seniors 4
Juniors 2	Sophomores 1
Freshmen 12	Seniors 10

TUMBLING SQUAD

Over one hundred girls took part in the spring series, which ended June 1. Because of the large number of girls who came out, each class was represented by two teams. The series was not completed in time for the scores to be published in the Annual. June Reed successfully managed baseball from February until June, and Miss Grace U. Bliss was in charge.

### BASKETBALL

ALL THE YEAR ROUND, but especially during the winter months, many of the girl athletes were busily engaged in playing basketball. This sport ranks next to swimming in the number of girls enrolled, and according to the participants, it is a "reg'lar game."

The evening of Open House, April 28, the basketball team captained by Ruth Cundell played an exciting game against the women of Mrs. Agnes D. May's night school class. The girls were victorious in a 9-5 win. Those comprising the team were Marguerite Manaro, Amelia Botto, Elsie Tassano, Mary Mintabery, Evelyn Pellanda, Ruth Cundell, Anita Valtier, Olive Pugh, Charlotte Hawkins, and Evelyn Leininger.

Miss Lundquist, Miss Falconbury, and Miss Nix, College of Pacific practice teacher, assisted Miss Frances Sheltman in instructing the girls in basketball. Ruth Cundell served as manager of this sport during the entire year. Girls who are particularly light on their feet and who can think quickly while on the floor usually make good basketball players, according to Mrs. May.

### VOLLEY BALL

Although a comparatively small number of the girls came out for volley ball, it was continued throughout the spring term even though it was originally planned for a winter sport. Elizabeth Abbott was manager of volley ball, and Miss Annett of the College of the Pacific was in charge.

TUMBLING

APPROXIMATELY twenty-five girls were kept happy during the rainy weather taking part in the after-school sport of tumbling. Although this activity was open to girls of all classes, the majority of students who joined the group were in the lower classes. The members of the tumbling class have had a great deal of fun this past year doing stunts of various kinds. They are especially proficient in forward rolls and backward somersaults, and flexibility has been their keynote. Miss Bliss has coached the girls in various stunts, and Margaret Evans proved herself a very energetic manager.

TUMBLING SQUAD

Miss Eugenia Grunsky, assisted by Miss Randolph and Miss Nix of the College of the Pacific, instructed the beginners in the fundamentals of swimming. The advanced class consisted of girls who knew how to swim, but who were interested in pleasure swimming.

SWIMMING

SWIMMING ranked next to baseball in popularity. Last fall there were about one hundred and twenty-five girls out in both the beginning and the advanced class. In the spring, of the sixty-six who came out for advanced swimming, forty girls attended regularly. This sport is limited to the first and fourth quarters of the school term.

A general swimming meet was held at the Olympic Baths the latter part of May, which called out a number of girls who did not regularly attend the classes at the high school tank.

Another important event of the year was the swimming party given by the G. A. A. Executive Committee complimenting the members of the C. O. P. Physical Education Major Club. Twenty-

 supervisor;  
 Elizabeth Abbott,  
 senior manager.

four girls attended the party, which was held in the high school tank. Lyle Sayles managed swimming last fall; and Nancy Hatch, in the spring quarter.

### TENNIS

STOCKTON HIGH SCHOOL can well be proud of its girl tennis players. The tournament of the past term has been the best for several years, according to Miss Helen T. Gardner, tennis instructor. Coaching of beginners was held once a week. Fifteen girls were taught the principles of the game under Jean Rossi, manager, and Miss Gardner.

The tournament last semester consisted of doubles and singles, at the beginning of which over fifty girls offered competition. The winner of the singles, which was announced too late for publication, had her name engraved on the F. G. Tollett Trophy. For the two previous years this honor has been won by Claire Wehrsted. Those who reached the double finals are Maxine Oliver and Anna Catherine Edwards. Claire Wehrsted and Maxine Oliver were the finalists in the singles.

### ARCHERY

ARCHERY, under Mrs. Agnes D. May's direction was also very popular last term. Most of the students coming out for this sport were lower classmen, and according to the supervisor there were more girls enrolled in archery during the fall than there were in the spring. Upper classmen who distinguished themselves in this activity were Barbara Shunkle, Evelyn Leininger, and Melba Black. Miss Doris Annett, Miss Ruth Nix and Miss Muriel Ingal, practice teachers, assisted Mrs. May in instructing the "Robin Hoods" in archery.

TENNIS PLAYERS

HOCKEY

THE NEWEST SPORT, hockey, has proved itself quite popular among the girls of the physical education department. Especially fortunate were the girls in Miss Grace Bliss's classes, as they played regular and modified hockey on their weekly field day. When this sport was instituted last September, it was arranged for upper class

girls only; however, sophomores were admitted later in the fall. According to the managers, there was an especially good senior team. In the fall Miss Alida Israel directed hockey, and during the spring, it was under the supervision of Miss Eugenia Grunsky and Miss Pauline Randolph, of the C. O. P. Ruth Poole and Meta McReynolds were the managers.

Old English "S" Society

THE OLD ENGLISH "S" SOCIETY was reorganized in 1930 mainly for the purpose of entertainment. Membership is obtained only by earning four hundred points or more on the yellow card, which contains names of sports and a place on a school team. The card is used as a means of keeping a record of all sport activities. Besides membership, a pledge receives her numeral. The club holds socials and outdoor meetings. There are two important initiations held each year.

A big initiation was held on March 17. Sixteen girls were brought into the club by

wearing green skull caps, gym socks and shoes, and a corsage of spinach. During the lunch hour members of the Old English "S" forced the pledges to eat their lunches in the football field. They were also made to propose to and to make fun of the unfortunate male students nearby.

This year the new club house was finished. The old bungalow was remodeled and repainted, with the help of the vocational boys, the Key Club, the Kiwanis Club, and the Rotary Club. The girls are planning many dances and get-togethers for next year under the incoming president.

HOCKEY TEAM

Officers for two semesters were, president, Muriel Van Gilder; vice-president, Helen

De Voss; secretary-treasurer, Virginia Morris; and adviser, Mrs. May.
