

# SENIOR CLASS, JUNE

LAWRENCE STEFANI  
President Senior Class

RUBY PARSON  
Vice President

ELEANOR JACOBSEN  
Secretary

**A**T LAST we are the graduating class, the leaders, the tops, in other words, we are the Seniors. We have worked hard for four long years in order to be able to conquer the many very interesting and varied problems that we will have to confront, after we have left our old Stockton High School. The important duties of the Seniors are to be the leaders among the lower students in the school. We feel very certain that this particular class of Seniors is exceedingly capable of holding this dignified position.

Even when we first entered as Freshmen we felt sure we were far above the average brand of entering classes. Possibly we have made a few of the usual blunders and showed just a little of the usual greenness of the first year "Scrubs", but certainly only to a very slight degree, for even then we were outstanding and started out with a determination to become a brilliant class. This determination has stayed with us during our entire course.

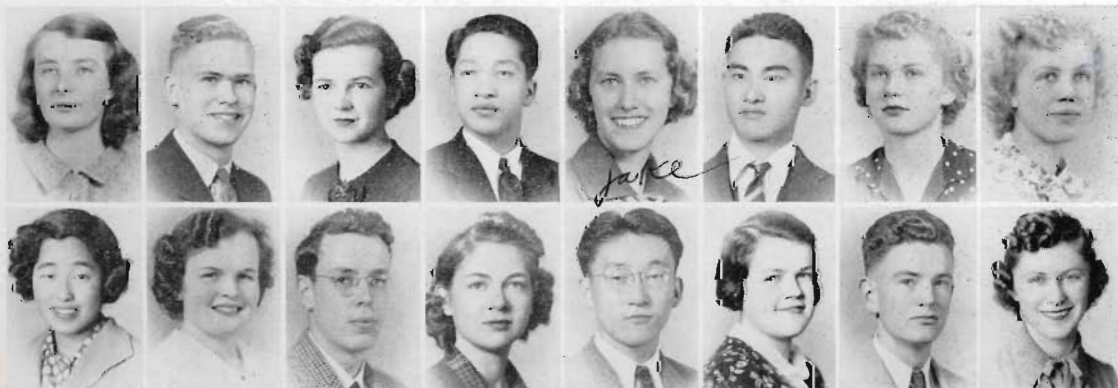

Leaving the "Scrub" title behind us we advanced along the road toward building up an even greater class—that of the Sophs. We were looking ahead to when some day we would be Juniors, Seniors, and then the people

who make up the outside world. But aside from thinking how great we would be some day, we were also the most amazing, interesting, and intelligent group of Sophomores that has been on this school's record for some time, at least that was how we considered ourselves, and of course we could not have been mistaken.

Then as another year went by we took one more step up our ladder of ambition and scholarship. We were a very ambitious class of Juniors, realizing now that our studies were not something to dread but rather something to enjoy. And besides our studies we found other things of importance in our school life and we showed up very prominently in athletics, music, and other activities. And as far as the social life of the school was concerned we certainly were very busy, and our popularity as Juniors was one of the high lights of our High School career.

Now we come to our Senior year. This is the goal toward which we have been working. We have wholly enjoyed our class work, and we are convinced that the Senior year is the "best" year of our school life. We hope we have set a very fine example to the lower classes, in the ways of dignity, in scholarship, in work, and in play.

Mary K. Fuller	Ruth Ellis	Eleanor Jacobsen	Lois Archibald
Edgar Robinson	Leslie Low	Saburo Oshita	Dorothy Comer
Kikuko Morita	Robert Hamilton	Arthur Iwata	Edward White
Jessie Hannay	Anna J. Martin	Aileen Brokaw	Helen Flanagan
