## Spring Leadermen

Truly a wartime class was the graduating class of June, 1944, with many of its members in the High School Cadet Corps. The sight of many boys in uniform marching in formation was added to the usual familiar scenes on our campus. The June graduates will in later years also remember such things as Patty Lou Peter's golden voice, Cecil Rendon's roving eye, and Bob Alling's clicking camera. Figuring high in the activities of the class and school were Jack Wickware, Betty Eberhardt, Pat Jones, and many other outstanding students.
