Solving an Ancient Merchandising Problem

Manufacturers are aware that one of the most intricate problems has been to direct the prospective buyer, interested in a particular product, to the dealer who sells that product locally. This problem has at last been solved by the new "Buyer's Guide" service.

With your name and merchandise listed in this directory, the prospective purchaser will learn in an instant that you sell the articles he wants. If you are a manufacturer, you'll be interested!

Under the phrase "Where To Buy It" you will find listed the local stores or agents of a great many nationally-advertised articles.

The list of manufacturers who so list their local representatives is not yet complete, for this feature of your yellow-paged Buyer's Guide is new. But it is rapidly developing, and this year is bigger than ever.
