No Longer Need the Consumer Wonder Who Sells It

National advertisers have long realized that they could increase the efficiency of their dollars if they could direct the public to stores handling their products.

Now, thanks to the new "Where To Buy It" service in the Buyer's Guide, the consumer may read in the advertisements of the manufacturer the precise list of local dealers who handle that commodity.

X-RAY Chiropractor

Dr. C. M. Merrill

An X-Ray Examination will show clearly all of those little details that are so necessary in making exact analysis of any sickness or disease. It will show the position of the vertebrae and the condition of the many tiny nerves that supply the body with force or energy. It will show what must be done if your health is to be restored, and will eliminate guesswork to the fullest extent. It will be a conclusive proof as to the cause of your condition that you can see with your own eyes and that you can depend upon.

In order to make our analysis thorough, and to be absolutely certain of your exact condition, we make a complete X-Ray Examination, without charge or obligation of any kind, to you.
