A thoughtful party-line user answers her telephone bell promptly . . . places her own calls accurately, so that they do not have to be placed again . . . does not monopolize the telephone at the inconvenience of others . . . teaches children, too, the little telephone kindnesses . . . and when her telephone is not in use, sees that it is hung up.

You'll get quicker service when you dial  
if you follow these simple steps:

1. Listen for the dial tone. This tone is  
your signal that the equipment is  
ready to take your call.
2. Dial each letter and digit of the num-  
ber in its right order.
3. Draw the dial all the way to the finger  
stop.
4. Remove your finger and let the dial  
return naturally, without forcing or  
hurrying.
5. If you make a mistake while dialing,  
hang up for a few seconds and then  
start your call again.
