Right circle: Leon Ford, Spring semester Student Body President.

Standing, left to right: D. Pickering, Senior President; S. Jenkins, Junior President. Seated: M. Skidmore, Sophomore President; V. Zanze, Freshman President.

STUDENT GOVERNMENT

Student government at San Juan has always been an outstanding activity, and this year is certainly no exception.

San Juan's student council consists of the student body officers, the president of each class, and a faculty adviser.

Meetings of the student council are called whenever it is deemed necessary and usually concern business to be brought up at the regular student body meeting.

This year's council is able to recall with pride its numerous achievements. The most prominent of these were: the Student Body Benefit Program, the purchase of megaphones and emblems for the yell leaders, purchase of plaques with the engraved names of the former student body presidents, sale of the San Juan Spartan stickers, and purchase of wooden replicas of the pennants.

Members of the present council are certain that the 1942 student body will advance rapidly under the able direction of the new council and wish them the best of luck.
