

GREENBACK

20-33

Dearest Marys, (Princess)

After struggling all these years we've finally made it, for on June 8, 1951 will be one of the climaxes of our lives. And after you start Calif. you're just going to have to settle down - if you know what I mean - There's several things I have to thank you for, one, for being such a good friend in time of need and the other thing is for letting me stay with you while mother was down at Berkeley. I hope we weren't too much for your mother, for I don't see how anyone could stand back of us together for very long. We sure have gone through the grind together; with all the boy trouble and such things as that. There's one thing I don't think I'll ever forget the time we wanted to go to the show and you're mom wouldn't let us so we went got in the back of the car on the floor and stayed there. I haven't got much more room to express what your friendship has meant to me, so I'll always tell you tonight while we're conference. Love always, Jimmy

Dear Mary —

I sure hope you keep -
up your art work, you sure

Good Luck in College Editor
Good Luck.

Frankie. Dear Mary

It sure has been nice knowing you this
year. All that I can say is that I wish
that I had gotten to know you a lot sooner. I
will never forget the very nice time that I had
over at your house on the night of April 17, 1951. I
think that your mother and dad are just wonderful
to say nothing of you. Tell your mother what a good
cake baker she is. If you are as good a cook as your
mother, the man who gets you sure will be lucky. I
wonder if I have any chance? I have not known you
very long, but I sure wish that I could have known you
a lot longer. But the little time that I have known
you, I know that I like you very much. This is about
all that I have to say so I will wish you the
best of luck in years to come.

To my dearest; - Mary
Well Mary let me start
by saying, "I'm sorry about
the tough times I always gave
you on the staff." (famous words)

You know Mary, early in
September when school started
I thought and thought on what
kind of an editor you would
make, and now, even though
it's a little late I am sure
glad you were selected. Mary
you made the best editor
you could have ever had.

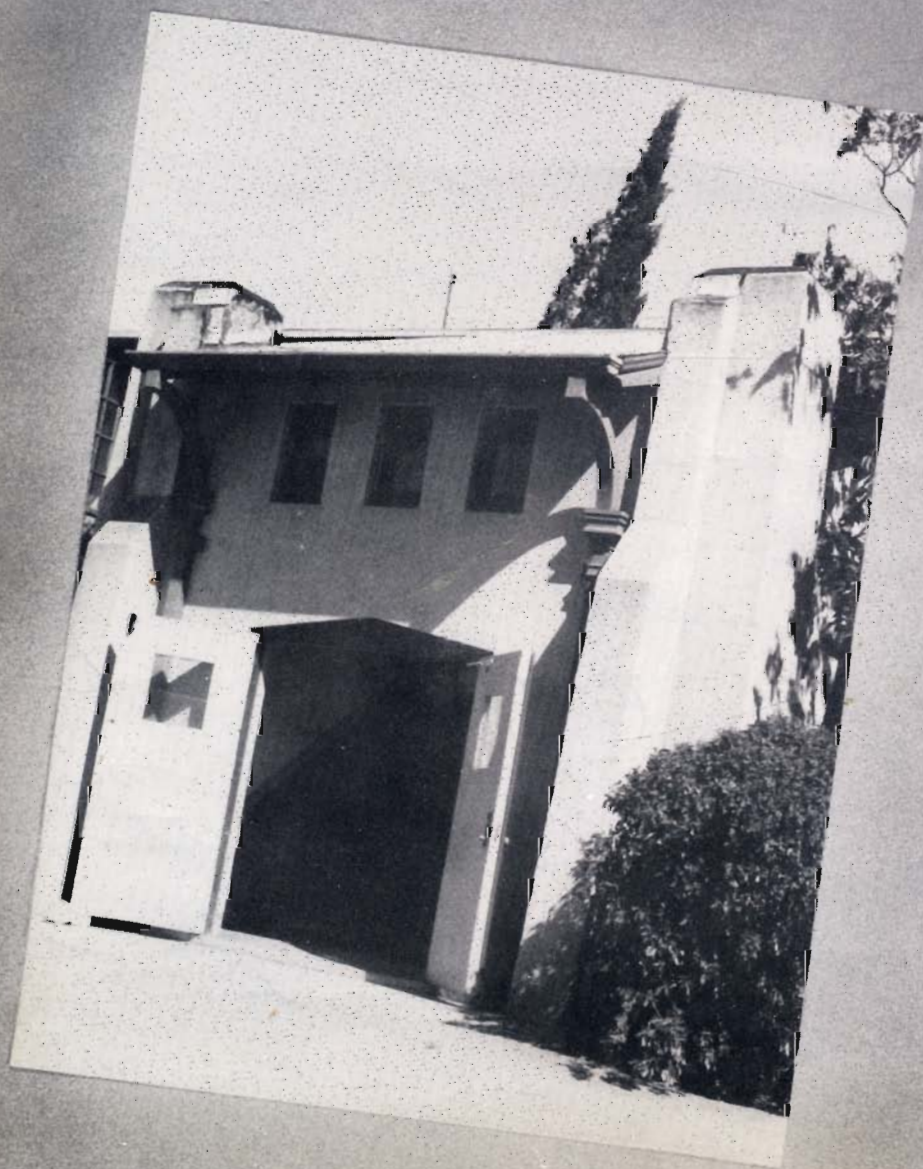

But now the look is
over (you know the annual comes first)
talk about the future;
not too far just a little. I
hope you have a wonderful summer
and I also hope I see you some
time during it. and here, I'll collect
