Dear Mary
 As I look through your
 annual, I find with some
 jealousy, the things written in it.
 Everyone who has your feelings your
 friends have for you, and, as I haven't saying
 right now, you're built your own record. It's
 one you can really be proud of, Mary.
 every happy thought, word, and deed follows you
 throughout your life.

Dear Mary -

This seemed to be the only place left to write. Gosh? It doesn't seem possible that we might be seeing each other for almost the last time. I'll never forget Amer. Lit, College Prep. and Chem. They were all memories that I'll never forget. I do want to wish you all the good luck in the world - I know that sounds trite but I really mean it.

SENIOR CLASS

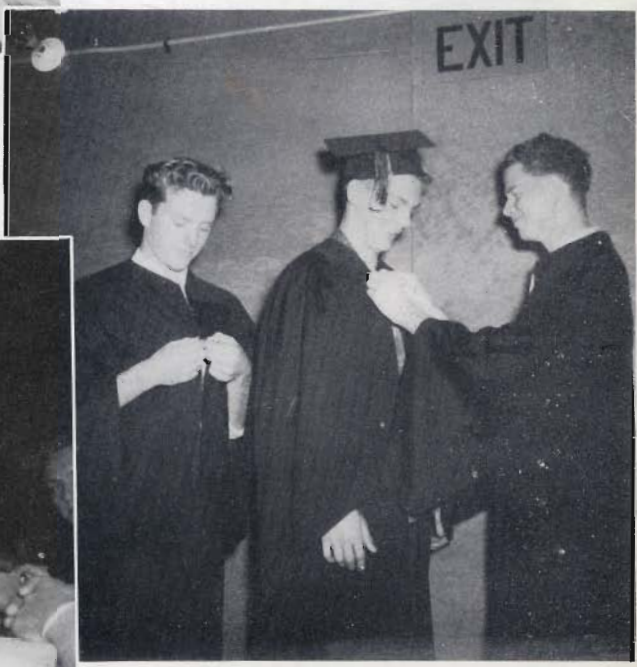

LEFT TO RIGHT: C. Ledbetter, Vice President; P. Balch, President; J. Gibson, Treasurer; L. Ottinger, Secretary.

Long after the caps and gowns are laid away in moth balls again, San Juan will remember the class of '51.

They gave the first dance ever sponsored by lowly scrubs. How proud they were, when practically the whole school turned out to welcome them at that dance; but how dejected they were the next day when they discovered some contemptible thief had robbed them of their ducats during the night!

Only time will dim the fond recollections of such activities as the Junior Prom, their hilarious interpretation of "Charley's Aunt", and their swank Junior-Senior Banquet.

Finally the big year arrived, the year of the Senior Ball, Sneak Day, Graduation, the year glorified by being student body presidents, dominating the Rally Committee, yes, and even selling fake tickets to "Those dumb frosh" for free student body programs.
