Miss. Cole
It has been
swell being in the
Library with you these
past two years. I have had more
fun in here in this class than in
any other. It has been swell. I shall
never forget our exchanging views on boys.
and you know who. I also shall never forget
your swell letters when I was away from San Juan and home. I
truly wish I could be in the library again next year
Even though I can't, I won't forget you guys. I'll come up
to see you again. My most memorable moment at San Juan is being
in the library with you. Please don't forget me for I shall
never forget you or the library.

as always
your little librarian

Miss Cole:-

It sure has been
fun working under your
leadership even if I did feel
pretty lousy about you at times it
worked out alright. Be good this summer
and stay sober.

Okay John -

Dear Miss Cole,
I want to tell
you that your
words are a wonderful
teacher
