*Simon heavee:
 well even though you kicked me out of NewsPaper and gave me
 me a D in Lib. I'm not mad, just don't be surprized when
 the five Finishes pull up to your house. No kidding though
 you've been one of the best mothers. I've ever had. you've
 seen me through thick and thin. And some times it was
 pretty thin. You make your hands full putting with Ron
 and I in NewsPaper. It's a thopper
 And I can't say about what you've come to put me out
 of the jacket but write letters is getting in the world...
 I'll just wish you all the happiness in the world...*
