WHY BUY ILLUSTRATIONS SHOULD BE MADE-MARKED
 Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the Association of North American Directory Publishers.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the Association of North American Directory Publishers.

UNPUBLISHED BY THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.
