Your City Directory—The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory.

EVERY STORE

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

Contact Is the Basis of Civilization

By our contacts with others our ideas are broadened and fertilized. Your business, too, will react to the benefits to be derived from contacts made through the medium of your City Directory.

58

(1931) R. L. POLK & CO'S

YOUR CITY DIRECTORY SHOULD BE TRADE-MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the Association of North American Directory Publishers.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

DR. JOHNSON, of dictionary fame, said that a man should keep his friendship in constant repair. Paraphrasing the learned doctor, every concern should keep its list of customers in constant repair.

NEW CUSTOMERS must be obtained to replace those who discontinue because of reasons beyond control. To assist clients in getting new customers is the POLKWAY Mail-List Service. Ask for details.

CITY DIRECTORY IS STANDARDIZED
aboo, information arrangement is uniform. Sixteen gauge wire is identically the same
gham, railroad tracks are the same width in Connecticut and California; shoe sizes are
rd whether made in Brockton or Stockton, and so on, ad infinitum.
