FIRST IN THE NATION—

CULMINATING four decades of service to California, Pacific States Savings finds itself today pre-eminent in its field—largest among 13,000 building and loan associations in the United States.

Our pride in this fact is natural—but at no time has size-dominance been our primary objective. Our aim has been an orderly progress along the path laid out by our founders 42 years ago.

Their creed was simple—"The safety of our saver's funds must be our first consideration."

We interpret First in the Nation not as a fact of size—but as a pledge of conduct—a pledge to continue to be First in **STRENGTH** and **SAFETY**.

Little things

that bring overflowing
return!

The envelope insert is the little well-wisher, the friendly reminder, that accompanies your business communication on its journey. Like the extra passenger of the taxicab, it rides free, causes no addition to the postage cost. But at the end of the trip it bids an agreeable "How-do-you-do" to your customer, and stops to tell him of your new goods or perhaps of some new service. Of course this printed piece must be colorful and attractively arrayed which means that the typography must be good, and above just average printing.

We are equipped to handle all of your printing requirements—it is our business to create and design attractive printing—Call on us for an estimate.
