## POLK'S STOCKTON 1940

Directory of Householders,

Occupants of Office Buildings and Other Business Places

INCLUDING A COMPLETE

Street and Avenue Guide

COPYRIGHT, 1940, BY R. L. POLK & CO.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective places of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the Named Streets.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The symbol 4 preceding name denotes householders and places of business having telephones.
