Too Late For This Issue?

- Then arrange NOW to have your name properly listed and your business classified and cross indexed in the next edition of your City Directory.
- The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.
- Put "We are listed in the City Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly listed under all headings in the City Directory that describe its product, is wise.
