WE PICK UP AND DELIVER

EVERY STORE

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer expects.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

Out of Sight!

Out of Mind!

Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

To Keep Ahead of Needs

Not only to keep abreast, but also ahead of the needs of the area served by the Stockton Record, this newspaper has, during the past five years, built three new buildings, completely remodeled the existing buildings and installed the finest equipment available in the mechanical departments.

This expansion has just been completed with the installation of a new seven-unit Goss "Headliner" Press. The "Headliner" doubled the capacity of the former press as well as giving the Record facilities to print three colors and black.

For more than 65 years, the Stockton Record, the "Hometown Newspaper" of the Stockton Trading Area, has carefully cultivated this great market and the readers have made the Record a daily reading habit to give advertisers fast action and sure sales. This reader interest and loyalty, without parallel in Central California, cannot be bought or grown overnight but it is yours when you advertise in the Stockton Record.

More than 58,000 families read the Stockton Record every day.
