## Mike Heraty---Student President

Mike Heraty is our hard working and popular student body president. Mike has accomplished a great deal this year and has certainly justified the choice of the students in voting him their leader for the school year 1950-51. Mike, who presides at all student council and student body meetings, is in charge of promoting public relations with other schools and with the city of Stockton. Some of his other duties are appointing all committees necessary to carry out the functions of student government smoothly and serving as ex-officio member on these committees.
