

Julio L. Bortolazzo

## President of Stockton College

One of the busiest men in Stockton is Julio L. Bortolazzo (Ed.D., Harvard, 1949). Dr. Bortolazzo is not only the President of Stockton College, but serves as Assistant Superintendent for Secondary Education for the entire school district as well.

This man's range of activities is not limited to things academic. He was selected president for the United Crusade in Stockton and has been active in other civic enterprises. He is a tennis player just short of championship calibre and an avid fan of many other sports. On top of all this, he still finds time for home life with his attractive wife and his three gumptious boys.

Under Dr. Bortolazzo's leadership, Stockton College has added a new Library and a new Classroom Building with a Science Building and a Theatre Arts - Music Building already approved. His tremendous personal drive and organizational ability were an important factor in passage of a \$7,750,000 bond drive last fall. Further, he was a key man in helping SC students obtain more than \$50,000 in scholarships last year.

Stockton will always be a better place to live because of Dr. Julio "Busy B" Bortolazzo.
