# The

Standing in front of a map of Italy, Dr. Julio Bortolazzo turned the college over to acting President Dr. Burke Bradley for three months. The President's special assignment in Italy gave him an intimate view of old country life and problems. Following his return he was in great demand as a speaker.

As chairman of the United Crusade for Stockton, Dr. Bortolazzo had much to do with its most successful drive.

SC's championship Mustang football team brought many happy moments to such avid sports fans as John Zuckerman, Dr. Bortolazzo, and Dr. and Mrs. Bradley.

# Men of Decision

Dr. Julio L. Bortolazzo and Dr. Burke W. Bradley were exceedingly busy men during the 1955-56 school year.

As President of Stockton College, Dr. Bortolazzo guided the school through the most difficult year of its history not only because of a record enrollment, but also because of the transition from 6-4-4 to 6-3-3-2. Dr. Bortolazzo also served for three months as a Special Consultant in Education for the United States government on assignment in Italy. In addition, he did a repeat as chairman of the Stockton United Crusade drive.

Dr. Bradley stepped up from his usual position as Vice-President of Stockton College to acting President during Dr. Bortolazzo's leave of absence. Since February 1, 1956, his duties multiplied as he was named temporary Principal of Stagg High School with the task of organizing a large, modern high school for the 1956-57 school year.

Considering the amount and nature of the work that goes with the titles held by these men, both were definitely "Men of Decision."

L to R: Julio L. Bortolazzo (Assistant Superintendent), Dr. Nolan Pulliam (Superintendent of Schools), Donald Sheldon (Deputy Superintendent), and Thomas McCandless (Assistant Superintendent).
