Student Body President

Student Council

Bob Perry, a virtual unknown, won the student body presidency for 1955 - 1956 in a surprising victory. An affable fellow, Bob probably met more people at conventions, conferences, and other meetings than the rest of the council as a whole. However, as the chairman at Monday council meetings, Bob was a stern chief executive.

Perhaps the most active organization on campus was the Rally Committee, with a membership of 204 students. Pom-poms, beanies, and rally blocks were sold to arouse the spirit of the student body. The biggest project of the group was the planning and organization of a train trip that more than 600 guys and gals took to Sacramento for a football game. "The Trip" was a tremendous success, and may be well on the way to becoming an SC tradition.

The Rally Committee was also responsible for the drill team that came into existence during basketball season.

A Check on the Exchequer

The 1955-56 school year was one of the best from the financial viewpoint in the history of the school. One of the largest budgets ever approved by the student council registers the success of the council in locating sources of revenue.

Student body card sales soared to a new high of 1,347. The snack bar was a veritable gold mine. The apple machines were busier than ever. A sizeable reserve from last year made it a bright season financially. While the budget listing below is not intended to be a complete accounting, it will show roughly where the money came from and where it went.

Student body treasurer Jack Saxon and college accountant Olive Gullison give the books a workout.

ATHLETICS: \$3.00 from each student body card was automatically set aside for athletics. All other athletic funds came from the sale of tickets to games and were not accountable in the student budget.

THE COLLEGIAN: The school paper expected expenses of \$1,630.00 mostly for photography and engraving. Expected income was established at only \$630.00. The council set aside \$1,000.00 to balance the paper's budget.

EL RECUERDO: The yearbook looked forward to expenses of \$11,555.00, but income of only \$6,850.00. Approximately \$1,000.00 of the income came from advertising, the other \$5,850.00 from the sale of yearbooks. The Council voted \$4,705.00.

SNACK BAR: The dispensing of hamburgers, hot dogs, shakes, cokes, etc., was expected to bring in \$21,000.00 during the 1955-56 school year. Expenses, mostly for supplies and the food to be served, was set at \$17,000.00, leaving an expected profit of \$4,000.00 for the year. The snack bar actually did much better than expected and the final profit is now estimated at near \$7,000.00.

INCOME ITEMS ONLY: The Council expected to sell 1250 student body cards at \$8.00 each which would bring the expected total to \$10,000.00. Since card sales were actually over 1300, more money than was anticipated rolled into the student treasury this year. The only other item in this category was the expectation of \$1,000.00 from rental of caps and gowns.

EXPENSE ITEMS ONLY: The Council appropriated the following sums for activities which had no source of income: awards, \$100.00; Colt band, \$190.00; Colt debate, \$125.00; general student body supplies, \$550.00; junior college student government conference, \$500.00; miscellaneous, \$200.00; Mustang band, \$138.00; Mustang debate, \$500.00; promotional activities of student association, \$250.00; rallies, song and yell leaders, \$300.00; social activities, \$500.00.

RESERVES AND SURPLUS: The student body treasury contained \$8,827.18 when the year started. After appropriations and budget allowances were made, the treasurer estimated the surplus would amount to \$11,086.18, an increase of approximately \$2,400.00 during the year.
