With the steady pitching of Phil Swimley along with the hitting of Larry Martucci, Duke Buckingham, and Bob Laughlin, the Colt horsehidlers were a menace to the opposing teams.

At first Coach Carl Peregoy was concerned about his infield, but as the season progressed the positions were adequately filled. As well as being the top pitcher, Swimley was also a top hitter, with an average over 300.

Which got there first --- the ball, or the Colt?

Phil

Phil Swimley reached the bag safely after taking a lead-off at the first corner.

Colt first sacker Bill Laughlin just made it ahead of an attempted pick-off play against the McClatchy Lions.

A fast Colt headed for second base with a double.

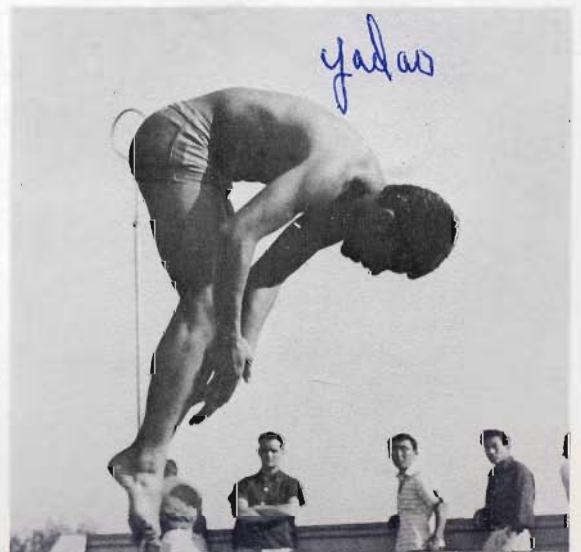

First baseman Bill Laughlin waited vainly for the ball as an unidentified player crossed the bag safely.

Women's Sports Association

The Women's Sports Association, led by President Virgie Avila, had a very active season to complete the club's last year at SC. Since Stockton College's discontinuance as a high school --- junior college, the club will not function next year.

The aims of the club were to encourage interest and participation in sports, to form friendships among members, to develop leadership and create better sportsmanship.

W.S.A. participated in many sports including tennis, hockey, archery, softball, basketball, and volleyball.
