The

The President

In his first year as President of Stockton College Dr. Burke W. Bradley created a warm and personal friendship between himself and the students. The door of his office was always open to those who wished to express opinions or make suggestions during Bradley's student hour held once a week. His interest in all student projects is demonstrated by his excitement and animation at an SC football game in the picture to the right.

President Bruce Loeb and President Burke W. Bradley had a heart to heart talk concerning mutual problems of being administrators.

Mrs. Constance Penn
President's Secretary

Administrators

Superintendents

Nolan D. Pulliam
Superintendent
of Schools
